PhaserSMART provides automated internet-based support.
Auto Install automatically gets you printing over the network in seconds.
Productivity tools for the user: Secure Print, Proof Print, Saved Print, Personal Print, Print With, Booklet printing, Scaling, Watermarks, Collation, Separation pages, N-up, Run Black, Smart Duplexing, Intelligent Ready, Remote printing, Configurable Tray 1 Behavior, Job Pipelining, Extended Font Storage.
Productivity tools for the IT manager: CentreWare IS Embedded Web Server, MailInX Email Alerts, Printer Neighbourhood, CentreWare Printer Management Software, Job Accounting, Usage Analysis.

Paper Handling

Tray 1: standard: 150 sheet capacity. 75 gsm Bond to 255 gsm Cover, Custom sizes ranging from width of 100–320* mm and length of 140–1200 mm
Envelopes: #10, Monarch, A7, DL, C6, C5, C4, B5.
*Width of 320 is limited in length, performance of banner-size printing is affected by media length and media weight.
Tray 2: standard: 500 sheet capacity. 75 gsm Bond to 220 gsm Cover, Custom sizes from 140 x 182 mm to 297 x 432 mm
Tray 3: standard on GX and DX: 500 sheet capacity. 75 gsm Bond to 220 gsm Cover, Selectable standard sizes up to A3/297 x 420 mm
Trays 4, 5: standard on GX: 1,000 sheet capacity. 75 gsm Bond to 220 gsm Cover, Selectable standard sizes up to A3/297 x 420 mm
Trays 4, 5: standard on DX: 2,000 sheet capacity. 75 gsm Bond to 220 gsm Cover, Letter/ A4/210 x 297 mm and B5/182 x 257 mm)
All tray capacities based on Fuji Xerox 75 gsm Bond
Automatic 2-sided printing: 75–169 gsm Bond
Finishing: Staples on media up to 80 gsm Bond, Folds and Staples up to 10 booklets of 10 sheets

Colour Controls

Colour standards PANTONE®-approved solid-colour simulations, Adobe PostScript device-independent colour, CIE International colour standards, and support for ICC, ICM and Apple ColorSync colour management systems
Colour correction TekColor Dynamic Correction colour Profiles selectable from the driver: Automatic, sRGB Display, sRGB Vivid, LCD Display, SWOP, Euroscale, Commercial, SNAP, Japan colour, ISO Coated, ISO Uncoated, Black and White, None, and custom colour sliders. Plus up to 10 custom TekColor corrections based on device profiles (with PhaserMatch 4.0).

PhaserMatch 4.0 colour management for custom profiles Standard GX and DX, Optional DN.

General Specifications

Dimensions (Width x Depth x Height)
7760DN: Dimensions: 644 x 724 x 493 mm, Weight: 92 kg
7760GX: Dimensions: 644 x 724 x 857 mm, Weight: 122kg
7760DX: Dimensions: 644 x 724 x 857 mm, Weight: 132kg
Finisher: 644 x 889 x 991 mm, Weight: Advanced: 83 kg, Professional: 115 kg
Cart: 572 x 602 x 373 mm, Weight: 15.7 kg

Operating

Environment Temperature: Storage: -20° to 48° C
Operating 10° to 32° C Relative Humidity: Storage: 30% to 85%, Operating: 10% to 85%. Noise Level: 33dBA standby, 51 dBA running.

Electrical 220V, 50/60Hz model: Consumption: Printing: 764 Watts, Standby: 135 Watts, Power Saver: 14 Watts, ENERGY STAR® qualified printer.

Regulatory FCC Part 15, Subpart A, UL listed to UL 1950, CSA certified to CSA-C35.4 No. 950, CE Mark applicable to directives 73/23 EEC and 89/336/EEC CDRH, EN 55035.

The
Designer's Choice

Fuji Xerox Printers

Phaser® 7760

A3 Colour Laser Printer

High-quality, consistent colour is crucial when relying on stunning visuals to convey your ideas and concepts. That's why the Fuji Xerox Phaser 7760 colour printer is the designer's choice. It offers brilliant colour, blazing speeds and easy-to-use features that make the most of everything you print.

Built in colour calibration tools give you the final output you want.

Quality colour you can count on

The colour you want is the colour you get. This printer features technologies and software that allow you to specify and control the output colour, so the results match your expectations. You get consistent colour accuracy, sharp images and crisp text, from the first page to the last.

- Up to 1200 x 1200 dpi resolution for fine line detail and crisp text.
- 600 x 600 x 4 dpi Photo Mode for smooth colour transitions, especially flesh tones.
- Glossy, vivid colours and rich, deep blacks.
- Black Trapping ensures that black text on coloured backgrounds and coloured text on black backgrounds prints sharp and clear.
- TekColor correction helps you simulate output colours of your computer screen, printing press or other device. Colour can be managed automatically as well as manually for office graphics, press separations, monochrome graphics and spot colours via an industry-leading driver interface.
- PhaserMatch® 4.0 colour management and calibration software adds another level of colour control and helps maintain colour accuracy.
- Incredibly consistent output throughout the length of the print run.

Phaser 7760DN

Unbeatable performance

When it comes to printing important projects on time, you need both quality and speed. The Phaser 7760 printer is designed for high volume printing and offers impressive print speeds, efficient processing and other time saving features. You get the consistent quality you need, when you need it.

- Printing speeds up to 35 ppm colour and 45 ppm black-and-white.
- 800 MHz Power PC processor handles complex, graphic-intensive layout files with ease.
- First-page-out time as fast as 9 seconds for colour.
- Up to 1 GB of memory minimises print queues and keeps production moving.
- Supports custom page sizes, booklet and banner printing and reliably prints on a wide range of media types and heavy paper weights for maximum project flexibility.

Advanced colour tools allow you to fine-tune output to your specifications.

Large, six-line control panel gives quick access to all print functions and provides help solutions if needed.

Set up, manage and print with ease

Your busy office or graphics department needs a reliable printer that's easy to operate, requires minimal maintenance and won't slow you down. Simple setup and easy-to-use features of the Phaser 7760 save valuable time allowing you to focus on your work, not your printer.

- Simple automated print driver installation gets you printing in minutes.
- It fits easily into your office, either as a desktop unit or a hard-working floor model with plenty of paper capacity. Both require only front and side access.
- PrintingScout® alerts and media size sensors offer built-in help to ensure your job is printed right.
- PhaserSMART® remote diagnostic tool offers solutions and trouble-shooting help if needed, saving you time.
- CentreWare® Internet Services embedded web server allows you to manage, configure and troubleshoot your printer from any location on the network using a web browser.
- Smart Tray feature provides real-time paper tray status at your desktop – showing available media types and sizes – and automatically selects the correct tray.
- Smart two-sided printing feature automatically detects single-page print jobs and bypasses the duplex unit.

Phaser 7760GX with Professional Finisher

Advanced finishing and paper handling

- Optional finishers eliminate the effort and expense of collating, folding and stapling by doing it for you.

Finishing Options

Sort (Job Offset) and Collate
Save valuable time

Staple
Multiple position and placement to enhance usability

Hole punch
Options meet worldwide conventions

Fold
V-fold brochures are folded and ready for distribution

Booklet
Saddle-stitch booklets in-house to reduce costs and eliminate delays

- If you are printing a lot, why keep reloading paper or switching media in the trays? Add a 1,500-sheet or a 2,500-sheet high-capacity feeder.
