

# DocuPrint N2125 NETWORK LASER PRINTER

The DocuPrint N2125 network laser printer from Xerox is the perfect choice for busy workgroups with no time to waste. It prints 21 pages per minute at true 1200 x 1200 dpi. The “first-print-out” time is so fast that your output will probably be printed before you can get to it.

With the N2125 you'll gain the flexibility to handle any print job. Print on the widest variety of paper types, weights and any size from index card to legal. Select up to four input sources with auto-size sensing.

The N2125 comes fully network ready, with 10/100Base-TX Ethernet, standard. This workgroup printer delivers best-in-class reliability and low cost of ownership. With its ideal combination of speed and resolution, 32 MB of printer memory, true Adobe PostScript 3, PCL6 emulation, and its many convenience features, you'll wonder how we've kept it so affordable.

The DocuPrint N2125 is part of the DocuPrint N Series family of network laser printers. For more information on our DocuPrint N Series printers, see your Xerox reseller or visit [www.xerox.com/officeprinting](http://www.xerox.com/officeprinting)

## performance and quality

True 1200 x 1200 dpi resolution delivers razor-sharp text and photo-quality images.

Print speed of 21 ppm. Even complex jobs with graphics, photos or charts are printed at a quick pace in highest quality.

A powerful controller delivers a fast 12 second first-page-out time, ensuring maximum productivity for the entire workgroup.

True edge-to-edge printing gives you professional-looking documents and more printable area on your page — especially useful when printing forms or full-bleed documents.

## WorkSet technology

The N2125 is packed with over 20 WorkSet convenience and productivity features including *MailInX Remote Printing*, *Secure Print*, *Proof Print*, *Booklet Printing*, *Edge-to-Edge Printing*, *Automatic Separator Sheets*, and *Fax Friendly Black*.

Xerox pioneered the Embedded Web Server, which offers you more ways to manage printers on your network using your favorite web browser. *MailInX* e-mail alerts can be automatically sent to system administrators who can correct problems before they impact productivity. *PrinterMap* enables proactive management, usage tracking and automatic reporting of all SNMP-based printers regardless of vendor.

## reliability and flexibility

Its unique and dependable feeding system allows printing on the widest variety of media from 16 lb bond to 133 lb cardstock (60 to 216 gsm) — from any tray, in sizes from index card to legal — and everything in between. You can even feed envelopes or other unusual media from any tray.

The N2125 has a variable fuser temperature feature that ensures highest quality printing even on heavy stocks and the thinnest paper.

Multiple input and output options give you maximum printing flexibility:

The N2125 comes standard with a 100 sheet multipurpose bypass feeder and a 550 sheet auto size sensing paper tray for media input and a 550 sheet output tray. Up to two additional 550 sheet paper feeders can increase input capacity to 1,750 sheets of media. The optional 500 sheet offset catch tray both expands output capacity and separates print jobs for easy distribution.

For exceptionally fast two-sided printing, add an automatic duplex module (standard on DT and DX configurations).

## more standard value

The N2125 comes network ready with 10/100Base-TX Ethernet, USB, true Adobe PostScript 3 and PCL6 emulations. Plus, the N2125 is an open systems product, certified in multiple environments.

The hard disk (standard on the DX configuration) can store fonts, forms and macros, enables Secure and Proof Print features, and guarantees uninterrupted printing and collation of large multi-set jobs.

The N2125's built-in reliability is backed up with the only standard on-site warranty offered in its class. And we stand behind it with the unmatched Xerox Total Satisfaction Guarantee.

DocuPrint N2125 shown with standard 550 sheet paper tray, two additional 550 sheet paper feeders and 500 sheet offset catch tray.

## SPECIFICATIONS

### Network/Software

**Printer management** CentreWare Printer Management for Microsoft NT, Microsoft Management Console, Novell, UNIX, Tivoli NetView, CA Unicenter TNG, and HP OpenView, Xerox PrinterMap, Certifications: Adobe, SolarisReady, PrintXchange, Microsoft SAP R/3, Tivoli, Unicenter, SNMP-standard MIBs and Xerox extended MIBs

**Font capabilities** 35 Resident Adobe Type 1 fonts, 101 Downloadable Adobe soft fonts, 10 Microsoft TrueType fonts, 35 Intellifonts, 1 PCL Bitmap font

**Printer drivers** Windows 3.1, 95/98, NT 4.0, 2000, OS/2 and OS/2 WARP, UNIX (Sun Solaris, HP-UX, IBM AIX, SGI, DEC, SCO RedHat Linux), Mac System 7.0, OS 8.0+

**Languages** Genuine Adobe® PostScript® 3™, PCL5e and PCL6 emulations with automatic sensing and switching.

### Paper handling

#### Paper input

**Standard** 550 sheet universal tray: 16 lb bond to 133 lb cardstock (60-216gsm), letter, legal, folio, executive, statement, index card, custom sizes or 10 envelopes (monarch, com-10, C5/DL)

**Standard** 100 sheet multipurpose bypass feeder: 16 lb bond to 133 lb cardstock (60-216gsm), letter, legal, folio, executive, statement, index card, custom sizes or 10 envelopes (monarch, com-10, C5/DL)

**Duplex Module** (standard on DT and DX): 16 to 28 lb bond (60-105gsm), letter, legal, folio, executive

550 sheet feeder (one or two may be added)

#### Paper output

**Standard** 500 sheets face down

**Optional** Offset catch tray – 500 sheet face down with job and copy offset

### Workset special features

**Convenience features:** MailInX – emails jobs to printer and sends alerts and status via email, Edge-to-Edge Printing, Proof Print®, Secure Print®, Draft Mode/Toner Saver, Separator Sheets, Cover Sheets, Auto Tray Select, N-Up Printing, Non-Standard Paper Sizes, Print Anyway, Booklet Printing, Fax Friendly Black, Variable Fuser Temperature, Smart Jam Diagnostics (\*needs hard disk)

**Print productivity features:** *Send Once, RIP Once, and Print* Many capability (RAM or hard disk), Job Pipelining to process multiple jobs concurrently

**Productivity tools for the IT manager:** Web-based Printer Administration via Embedded Web Server, MailInX e-mail alerts, PrinterMap, IPP support

### Operating

**Dimensions** width: 16.5 in/442 mm, height: 16.1 in/413 mm, depth: 16.1 in/439 mm, weight: 57.3 lb/26 kg

**Environmental** Temperature: 5° to 35°C / 41° to 95°F, Relative Humidity: 15% to 85% (noncondensing), Noise Level: 35 dB(A) standby, 49.5 dB(A) running (ISO 7779, DIN EN 27779)

**Electrical** Sleep mode, Energy Star Compliant, two models: 110-127 VAC, 50/60 Hz; 220-240 VAC, 50/60 Hz

**Regulatory** FCC Part 15 Subpart B, UL listed to UL 1950, UL Certified to CSA-C22.2 No. 950-M95, FDA 21 CFR Sub J, CE Mark applicable to directives 73/23/EEC and 89/336/EEC, TUV - GS Mark, IEC 950 Second Edition (EN 60950, EN 55022)

### Customer support

1-year On-site Warranty, online web technical support and telephone support. The DocuPrint N2125 printer is backed by the Xerox Total Satisfaction Guarantee.

## SUPPLIES

### Consumables

Toner Cartridge 113R00445  
(10K yield at 5% coverage)

High Capacity Toner Cartridge  
(15K yield at 5% coverage) 113R00446

Maintenance Kit 110V  
(200K yield) 108R00328

Feed Roller Kit 108R00330  
For 2000 sheet feeder (200K life)

### Options

500 sheet Feeder  
(Letter/Legal) 097S02377

Duplex Module 097S02379

500 sheet Offset Catch Tray  
097S02380

Envelope Feeder 097S02388

Face Up Tray Option Kit
