# HP Scanjet Enterprise Flow 5000 s2 Sheet-feed Scanner

Ideal for enterprise businesses that need a fast, reliable way to digitise paper documents and add efficiency to office processes, using a compact scanner with intuitive features that deliver clear, legible results and help users collaborate easily.

Transform paperwork into useful digital data and accelerate workflows.

- Send scanned files where you need them – directly to cloud storage or SharePoint®[1].

- File size matters: ensure files are saved with size in mind and automatically compress large files.

- Straighten out your paperwork– transform hard copies into easy-to-use files.

- Look sharp by producing clear, legible scans at up to 600-dpi resolution.

Make life easier with simple scanning – ready, set, go.

- Save time and simplify complex scan jobs with HP Smart Document Scan Software.

- Preserve workspace with a compact scanner designed to fit in around the office.

- Create one-touch scanning efficiency by assigning your favourite settings to a single button. Resize pages, eliminate flaws, and enhance colours for precise scans that are better than the original.

- Save IT time and effort: simplify deployments, installations and event alerts.

Experience page-by-page confidence.

- Accurately capture the right content, using auto-scan mode, crop and colour detection.

- Get fast scanning at speeds of up to 25 pages and 50 images per minute. Count on this workhorse to deliver, with a design that can handle up to 2,000 pages per day.

- Help avoid missing pages and misfeeds, even with mixed paper types. HP EveryPage delivers smoother paper handling for jobs of all kinds[2].

- Use energy wisely – this scanner turns off automatically when it's not needed to help reduce energy costs[3].
