Fuji Xerox Printers

Efficiency, Versatility, and Performance

WorkCentre 220/228

This powerful multi-function machine packs leading-edge Fuji Xerox technology into a compact desktop design.

Now you have the freedom to work in the most efficient and productive way. You can power through each working day, managing documents at every stage from creation to printing and scanning, copying or faxing and emailing. Save time. Save resources. With Fuji Xerox innovation and benchmark reliability at your fingertips it's easy to get the job done.

Efficiency

- Standard automatic 2-sided scanning and optional 2-sided printing* slashes job handling time
- Direct scan to fax, email and FTP without the need of using a PC
- User-friendly Companion Suite Pro allows the user to control the print, scan, copy and fax functions via a remote control setup from the PC
- Document management software allows effortless document administration
- Optical character recognition software lets you collect information from faxes or paper and transfer it automatically into your PC

Performance

- Crisp, clean, high speed 20 pages per minute printing and copying
- Scan and send colour documents direct to email in an image or PDF format
- Digital printer and copier with a huge 32MB or 64MB device memory.
- Scan quality resolution of up to 9600 x 9600 dpi (enhanced) and print and copy resolution of 600 x 600 dpi
- A huge input capacity of 750 pages with the convenient standard 250 sheet paper feeder and optional 500 sheet paper feeder
- Built-in network capability* which allows seamless integration into the business environment

*WorkCentre 228 only.

Printer

Get fast, 20 ppm black and white printing at a crisp 600 x 600 dpi. The standard 250-sheet paper capacity can be expanded to 750 sheets with the optional 500-sheet paper cassette.

Copier

A full-feature copier that allows multiple copies, scaling and image adjustment. Scan multi-page documents with the built-in ADF (automatic document feeder) or single pages from books and other thick media with the flat-bed flexibility.

Scanner

Produce beautiful 48-bit, 600 x 2400 dpi (optical) colour scans using the flat-bed scanning function. The scanner is TWAIN compliant and is ideal for scanning graphics and for text documents used in OCR applications.

Facsimile*

A state-of-the-art facsimile function for sending colour or black and white documents to fax machines, e-mail accounts, and FTP addresses. A variety of fax features are included such as memory faxing, confidential mailbox user reports, and polling, to mention just a few.

*WorkCentre 228 only.

WorkCentre 220/228
Black & White Multi-function Printer

Sophisticated features

Each feature has been refined to bring you the ultimate in speed, quality, versatility and simplicity. Together they provide the efficiency your business demands.

- 1 *Automatic 2-sided Document Feeder* – 50 pages of 2-sided documents can be effortlessly scanned or faxed automatically.
- 2 *Printing & Copying* – fast 20 ppm printing and copying speed empowers swift delivery of documents.
- 3 *Colour scanning* – direct scan to email and FTP provides a powerful tool to handle your documents efficiently. Direct scan to OCR further saves you time in interpreting the documents.
- 4 *Faxing* – high speed super G3 modem enables speedy transmission of documents.
- 5 *Control panel* – designed for ease, speed and control. Brilliantly simple to use. Many functions can be accessed at the touch of a single button.
- 6 *Directory card* – the address book and set up parameters can be conveniently stored in this directory card.
- 7 *Alphabetical keyboard* – Simply input the address book details or type the email messages conveniently using the alphabetical keyboard.
- 8 *2-sided printing optional* - Save money, save the environment by halving your paper consumption. Create more professional-looking documents.
- 9 *Paper feeder* – A standard 250 sheet paper feeder and optional 500 sheet paper feeder to save you time with fewer refills, keep letterhead or coloured paper separate from plain paper.
- 10 *Connectivity* – handy connection with PC through USB 2.0 or IEEE 1284 parallel ports, or simply connect to your local area network via Ethernet 10/100BaseT port.
