

# Expression Premium XP-540

## DATASHEET

Create outstanding photos and crisp, clear text documents with this Wi-Fi all-in-one, with individual inks and easy-to-use features.

Looking to print high-quality photos and text documents at home? Our XP-540 is the ideal solution. You can save money as the printer uses individual inks, allowing you to replace only the colour used. There's no need to be deskbound; send your items to print using the mobile printing suite, Epson Connect. It's a pleasure to use too, with the colour LCD screen making it easy to navigate.

### Best of both worlds

Printing impressive photos at home can be a reality; with the five-colour Claria Premium dye and pigment ink-set, your photographs can be crystal clear with vibrant colours and deep, rich blacks thanks to the addition of a Photo Black ink cartridge.

### Mobile printing

Printing photos and documents on the go is easy with the XP-540. Unlock the potential of your smartphone or tablet by downloading the iPrint app<sup>1</sup> to print and scan wirelessly. Make the most of your Facebook photos with the Creative Print<sup>1</sup> app, which allows you to print photos directly, create custom greeting cards, turn photos into colouring book templates, and plenty more. In addition, you can email documents and photos directly to the printer from almost anywhere in the world with Epson Email Print<sup>1</sup>.

### Easy to use features

The XP-540 comes with a tilting control panel and a 3.7cm colour LCD screen for ease of use. Easily load and replace paper using the front-facing paper tray, and save time and money with double-sided printing. What's more, you don't need to spend time connecting to a PC before printing photos; simply slot in a memory card and follow the menu prompts to print.

## KEY FEATURES

- **Compact Wi-Fi all-in-one**  
Print, scan and copy
