A4 Colour
Multifunction Printer

Fuji Xerox ColorQube 8900 Multifunction Printer

Workgroup performance plus
real colour savings

Reduce costs, increase business appeal.

The groundbreaking ColorQube 8900 Colour Multifunction Printer continues our tradition of Solid Ink innovation. As the first desktop Solid Ink device completely engineered to deliver true multifunction performance, the ColorQube 8900 gives organisations of any size environmentally preferable features, unbeatable ease of use, and consistently exceptional colour quality that gets your work noticed. And for more printing-intensive workgroups, the ColorQube 8900 offers the ability to expand into a floor-standing device with extra paper capacity and helpful finishing capabilities.

ColorQube® 8900 Quick Facts

- Low total cost of ownership
- Print and copy speeds up to 44 ppm
- Powerful scan and fax solutions
- Maximum paper capacity: 3,475 sheets
- Fuji Xerox Workflow Solutions

Print / Copy / Scan / Fax / Email

A4

44 ppm colour

WxDxH (8900X with OCT):
605mm x 594mm x 615mm

What's the secret to affordable colour?

The answer is as simple as the technology: **Fuji Xerox Solid Ink.** Built for high-performance office colour printing, our patented Solid Ink technology has a track record of reliability and simplicity. Solid Ink is easy to use, delivers incredible colour print quality, produces less printing waste versus comparable colour laser devices, and enables you to print low-cost colour. It's time to introduce your business to the Solid Ink advantage.

Great colour, great savings

Impressive colour

The ColorQube® 8900 helps your office documents get noticed with vibrant, glossy colours.

- **Make every document stand out.** Count on brilliant, saturated colour – print after print – even on inexpensive office or recycled paper.
- **Match your expectations.** PANTONE® calibrated colour simulations and Fuji Xerox colour correction technology provide easy tools for precisely matching the colours of important business assets, such as your company logo.
- **Flexible print speeds.** Choose the perfect combination of image quality and speed for any printing situation with four different print settings – High Resolution, Enhanced, Standard and Fast Colour.

Print colour every day

Now you can afford to add the power of colour to everything you print with the ColorQube 8900.

- **The print volume advantage.** If your workgroup prints at least six reams of paper each month, the ColorQube 8900 will deliver unmatched total cost of ownership.
- **Unique price plans deliver big savings.** No more paying expensive colour prices for small amounts of colour. With the ColorQube 8900, you pay based on the amount of colour on the page. On most colour pages, your price will drop significantly.

Color By Words: Intuitive colour enhancement

With Color By Words, there is no need to go back to square one and manipulate source files. You can change the colour of one object or area without affecting the rest of the page. Simply select the desired colour modifications from a drop-down list and your printout is automatically adjusted.

Original photo not right? Use the Color By Words drop-down list and choose “yellow colours a lot more yellow,” and “red colours a lot more red.” Picture-perfect results.

Enhance your business with advanced ease of use

A smarter, faster way to work

Experience unparalleled convenience and uptime with Fuji Xerox Solid Ink, which has been designed for maximum ease of use.

- **Fast results.** Get your jobs out as fast as 44 ppm colour and black-and-white, with a first-page-out time as fast as 8.5 seconds for colour documents. Plus, two-sided printing comes standard — and saves paper.
- **Easy ink loading.** Each ink stick colour is uniquely shaped for simple drop-in loading. And ink can be topped off at any time – even if the device is running.
- **Easy expandability.** Experience longer print runs when you increase paper capacity to 3,475 sheets of letter, A4 or legal-size media. Add the 650-sheet finisher and get 50-sheet stapling plus offset stacking.
- **Cartridge-free technology.** Recover valuable office space with minimal storage required for Solid Ink's compact packaging and single replaceable component.
- **Helpful walk-up features.** Embedded help videos provide quick troubleshooting assistance right on the front panel.
- **Ready when you are.** Intelligent Ready technology learns your workgroup's usage patterns so it is ready to print when you are.
- **Reliable operations.** A simple paper path and minimal moving parts keep the ColorQube 8900 up and running in the toughest environments. It can even diagnose potential problems and fix them ahead of time, reducing maintenance and service calls.

Efficiency in your office

Work faster with features and capabilities that improve the way you create and share office documents.

- **Multitasking operation.** Maximise business efficiency and handle multiple tasks simultaneously with concurrent processing.
- **Advanced scanning built-in.** Easily convert hardcopy documents into digital files that can be shared or archived. On-box OCR creates a text-searchable file for quick information retrieval.
- **Cut down network traffic.** Advanced file compression methods reduce file sizes and network load for faster delivery.
- **Walk-up convenience.** Scan to and print from a standard USB memory device for information at your fingertips.
- **No printing bottlenecks.** The Print Around feature holds a job needing resources, such as a different paper size, and prints the next job in the queue.
- **Powerful fax capabilities.** Send and receive faxes without leaving your desk. LAN fax sends faxes right from applications on your PC using a print driver, and have incoming faxes automatically forwarded to an email address or document repository.

Each Solid Ink stick is uniquely shaped to fit the correct slot, making ink loading fast, easy and clean.

Complete control at your fingertips.

The state-of-the-art 7-inch colour touch-screen interface features bright icons, intuitive menus, and embedded help videos for easy, step-by-step troubleshooting assistance.

Environmentally conscious design

Give your company's sustainability efforts a boost, while enhancing its image with colour.

- **Less waste.** Solid Ink sticks avoid the cartridge and the packaging, creating up to 90% less printing waste versus comparable laser devices.
- **Fewer consumables.** The long-life Cleaning Unit has an average life of 30,000 prints, is the only replaceable component.
- **ENERGY STAR® qualified.** The ColorQube 8900 meets the stringent ENERGY STAR requirements for energy use.
- **Non-toxic and mess-free.** Fuji Xerox Solid Ink is safe to handle and won't leave messy stains when loading into the device.
- **Bio-derived ink.** Fuji Xerox Solid Ink has been certified to have 30% bio-derived renewable material content¹.

- **Print responsibly.** Get the same vibrant prints on recycled media. Plus, Earth Smart driver settings allow you to select default settings, such as printing on both sides, that encourage responsible usage.
- **Demonstrated leadership in sustainability.** Fuji Xerox's longstanding focus on environmental sustainability has diverted over two billion pounds of waste from landfills through our Product Take-back and Recycling Program. Fuji Xerox also offers environmentally responsible choices for paper and media allowing you to choose recycled media with up to 100% post-consumer recycled content and paper that adheres to internationally recognised standards for sustainable forestry management.

Solid Ink waste vs. MFD waste

Cartridge-free Solid Ink is a true consumable; no empty toner cartridges to dispose or recycle.

The ColorQube® 8900 produces 90 percent less waste during use than a comparable multifunction device.

Total waste produced from printing 4,000 pages per month for 4 years.

When it comes to IT and security, Fuji Xerox delivers

Easy on IT

Give your IT department some downtime with a device engineered to be simple to deploy and manage.

- **Reduce calls to IT.** Minimise interventions with innovative features such as simple ink loading, a single long-life replaceable unit and embedded help videos.
- **Simplify driver deployment.** Eliminate the need for IT and mobile workers to download individual print drivers for each product. The Fuji Xerox Global Print Driver® and Mobile Express Driver® are truly universal and let users print to most devices – even those made by other manufacturers.
- **Configure once, deploy fleet wide.** Eliminate the need to configure each device individually. Device configurations can be cloned and distributed to all other ColorQube 8900 devices.
- **Flexible cost control.** Easily assign user permissions for printing based on time of day, job type and applications through an intuitive interface.
- **Manage every device.** IT administrators can easily install, configure, manage, monitor and report on printers and multifunction systems across the network – regardless of manufacturer – using the standard Fuji Xerox CentreWare® Web utility.
- **Easy accurate billing and supplies replenishment.** Automatically collect and submit meter reads.

Cutting edge security

Minimise risk by protecting vulnerable access points and critical business information.

- **Erase sensitive information.** Hard disk overwrite electronically erases image data stored on the ColorQube 8900 hard drive.
- **Keep documents safe.** Ensure your data stays secure with 256-bit encryption using the FIPS 140-2 standard and require a password to open and view a sensitive document by scanning to password-protected PDF.
- **Prevent unauthorised access.** Restrict usage by validating user names and passwords with Network Authentication. Additionally, Fuji Xerox Smart Card Authentication options require card-based identification to protect the device from unauthorised users.
- **End-to-end protection.** Ensure device security with full system Common Criteria (ISO 15408) certification (pending). And with the proactive Fuji Xerox response system, quick updates are provided whenever potential vulnerabilities are identified.

1

50-sheet Duplex Automatic Document Feeder accepts custom media sizes from 148 x 210 mm to 216 x 356 mm

2

100-sheet Multipurpose Tray handles custom media sizes from 76 x 127 mm to 216 x 356 mm

3

Standard 525-sheet paper tray handles media sizes from 148 x 210 mm to 216 x 356 mm

4

Choose 2 additional 525-sheet paper trays for media sizes from 148 x 210 mm to 216 x 356 mm (optional).

5

For high-volume workgroups, add a 1,800-sheet A4-size High-Capacity Feeder (optional)

6

Standard Convenience Stapler staples up to 20 sheets of 75 gsm media

7

650-sheet Finisher provides up to 50-sheet stapling and offset stacking (optional)

ColorQube® 8900 Printer Options

ColorQube 8900 Standard Configuration

- 50-sheet Duplex Automatic Document Feeder
- 100-sheet Multipurpose Tray
- 525-sheet paper tray
- 625-sheet total paper capacity
- Convenience Stapler

2 Additional Trays

- Adds two 525-sheet trays
- 1,675-sheet total paper capacity

High-Capacity Feeder

- Adds 1,800-sheet capacity
- 3,475-sheet total paper capacity

650-sheet Finisher

- Adds 50-sheet stapling and offset stacking

Specifications of ColorQube 8900

Print Function	
Print Speed (A4)	Up to 44 ppm colour / mono
Print Resolution	Up to 2400 FinePoint™
First-page-out Time	As fast as 8.5 seconds colour
Memory	1GB
Processor	1.33 GHz
PDL	PCL® 5c, PCL 6, Adobe® PostScript® 3™, XPS, TIFF, JPEG, PDF
Connectivity	10/100/1000Base-T Ethernet, USB 2.0, Optional external wireless
Print Drivers	Windows® XP/2003 Server/2008 Server/Vista/7, Mac OS® 10.5 and higher, Oracle® Solaris 9, 10, Redhat® Enterprise Linux®, Fedora Core 12-15, HP-UX® 11iv2, IBM® AIX 5, SUSE®, Fuji Xerox Global Print Driver®, Fuji Xerox Mobile Express Driver®
Certifications	FCC Part 15, Class A, FCC Part 68, CE Mark applicable to Directives 2006/95/EC, 2004/108/EC and 1999/5/EC, UL 60950-1/CSA 60950-1-07, 2nd Edition
Two-sided printing	Standard
Media Handling	Duplex Automatic Document Feeder: 60 to 120 gsm; MPT: 100 sheets; 60 – 220 gsm; Custom sizes: 76 x 127 mm to 216 x 356 mm; Additional 525-sheet trays 2–5: 60 – 220 gsm; 1,800-sheet High-Capacity Feeder: 60 – 122 gsm;
Media Types	Lightweight, Plain, Lightweight Cardstock, Cardstock, Hole punched, Letterhead, Recycled, Preprinted, Transparencies, Labels, Envelopes.
Paper input	Standard Duplex Automatic Document Feeder: 50 sheets; Custom sizes: 148 x 210 mm to 216 x 356 mm Multipurpose Tray (MPT): 100 sheets; Custom sizes: 76 x 127 mm to 216 x 356 mm Tray 2: 525 sheets; Sizes: 148 x 210 mm to 216 x 356 mm Optional 2 Additional Trays: 525 sheets each; Sizes: 148 x 210 mm to 216 x 356 mm High-Capacity Feeder: 1,800 sheets; Sizes: A4
Total Capacity (std / max)	625 / 3,475 sheets
Paper Output (std / max)	350 sheets / 950 sheets
Finishing Options	Standard Convenience Stapler: Up to 20 sheets of 75 gsm Optional 650-sheet Finisher: Up to 50-sheet stapling, offset stacking
Operating Environment	Temperature: 10 - 32 °C; Humidity: 10 - 80%
Electrical Power	220–240 VAC, 50/60 Hz or 100–127 VAC, 50/60 Hz
Power consumption	110-240 VAC, 50/60 Hz
Duty Cycle	Up to 120,000 pages / month ¹
Print Features	Print Around, Color By Words, Sample Set, Smart duplex, Secure print, Automatic two-sided, Custom page size, print from USB, GreenPrint software, Automatic Colour Correction, Custom Colour Correction, Spot Colour Matching
Device Management	CentreWare® Internet Services, CentreWare Web, Smart eSolutions®, WebJet Admin Interface, Tivoli, Apple® Bonjour, Low supplies email alerts, Proactive Supplies Management
Dimensions (WxDxH)	605mm x 594mm x 615mm
Weight	46kg
Warranty	One year on-site warranty

¹ Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis;
² Analog phone line required.
³ Average standard pages. Declared Yield in accordance with ISO/IEC 24711. Yield will vary based on image, area coverage and print mode.

Descriptions in this material, product specifications and/or appearances are subject to change without prior notice due to improvements. Please note that the product colour appears differently from the actual colour as a result of properties of papers or printing ink. Windows is registered trademark of Microsoft Corporation. For Your Safe Use
 Before using the product, read the Instruction Manual carefully for proper use.
 Use the product with an appropriate adequate power source and voltage displayed.
 Be sure to establish a ground.
 In the case of a failure or short circuit, an electric shock may result.

Copy Function	
Copy Speed	20cpm
Copy Resolution	Up to 600 x 600 dpi
First-copy-out Time	As fast as 16 seconds colour / 16 seconds black-and-white
Copy Feature	Collation, Reduce/enlarge, Copy to mailbox, Annotation, Automatic background suppression, ID card copy, Book copying, Edge erase, N-up, Mixed-size originals, Build job, Job interrupt, Program ahead, Booklet creation, Bates Stamping
Scan Function	
Scanning Resolution	Up to 600 x 600 dpi
Scan Destinations	Scan to Email, Scan to USB, Scan to Folder, Scan to Home, Scan to Mailbox, Scan to Internet Fax
Supported Driver	Network WIA, TWAIN D2
Scan features	Up to 600 x 600 dpi, File formats: JPEG, PDF, Linearised PDF, Searchable PDF, XPS, Searchable XPS, TIFF, Multi-page TIFF
Fax Function	
Function	Embedded Fax ² , LAN Fax, Internet Fax, Server Fax
Transmission Speed	33.6 Kbps
Fax Resolution	Up to 600 x 600 dpi (Super Fine) resolution
Fax Features	FAX to e-mail, PC Drive FAX, Secure FAX Receive, Remote FAX Receive, Junk FAX Filter, Fax Forward, Direct FAX(send)

Consumables	
6 Sticks Cyan (16,900 pages*)	108R01030
6 Sticks Magenta (16,900 pages*)	108R01031
6 Sticks Yellow (16,900 pages*)	108R01032
6 Sticks Black (18,000 pages*)	108R01033
Convenience Stapler refill cartridge	108R00823
Finisher Stapler refill cartridge	008R12964
Standard Capacity Maintenance Kit (10,000 pages*)	109R00784
Extended Capacity Maintenance Kit (30,000 pages*)	109R00783

Accessories	
525-sheet Feeder	097S04383
1,800-sheet High-Capacity Feeder	097S04382
Stand with Storage Drawer	097S04388
650-sheet Finisher	097S04324
Foreign Device Interface	097S04408
