¹ Local printing requires mobile device and printer to be on the same network. Remote printing requires an internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See www.hp.com/go/mobileprinting for more details.

² Optional 500-sheet paper tray and 3x500-sheet paper tray with stand are available and sold separately for the n and dn models.
³ Automatic two-sided printing is available on the dn and xh models only.

⁴ Measured using ISO/IEC 24734, excludes first set of test documents. For more information see http://www.hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity. ⁵ HP High-Performance Secure Hard Disk is available only for the xh model.

⁶ Programme availability varies. HP print cartridge return and recycling is currently available in more than 50 countries and territories around the world through the HP Planet Partners program. For more information, or to request return envelopes and bulk collection boxes, visit www.hp.com/recycle.

⁷ HP ClearView Packaging is available on the xh model only.
